

# VERTICAL SURFACE LINEAR LUMINAIRE

The Linear Surface is attractive and easy to install with simple screws or threaded studs which pass through the housing to fasten the luminaire in place. Ideal for locations with low ceilings or where fire ratings prevent recessed luminaires.

It is integrated with ultra-thin semi-transparent vertical optics, enveloped in a signature sloping silhouette where the frame meets the optics. It enables designers to mount the luminaire on ceilings to enhance architectural styling or add a unique flair to the interior design of a space.

With wattage and CCT adjustable function, Meta Surface also has the flexibility to illuminate many types of spaces, packing a powerful punch of up to 1300 lumens per foot with 90+CRI.

- 3 lengths & sloping silhouette
- Transparent optics
- Up to 1300 lm/ft
- True color, 90+CRI
- CCT & wattage adjustable
